

A Word from Our Sponsors

Pasante

At Pasante Healthcare, our vision has always been to build an organisation that responds to changing views of sexual health and to develop products that inspire people to make better, healthier choices. Not only is Pasante the brand of choice with many NHS & charity organisations, we also offer one of the widest selections of condoms on the market. From world-leading sexual health brands, cutting edge INSTI point of care and INSTI self-diagnostic testing kits to leading medicinal skincare brand Sebamed, Pasante Healthcare Ltd is committed to health and wellbeing across a variety of sectors.

Owen Mumford

Owen Mumford has been at the forefront of medical device innovation for 65 years, creating solutions that improve the global delivery of healthcare and home health treatments. Products include devices that make blood testing simple. Our Simplitude TM brand meets the need for a rapid diagnostic test that is easy to use and offers confidence in reliable results; it provides convenient, prompt results to support early diagnosis of HIV. SimplitudeTM ByMe TM is the first HIV test with a built-in safety lancet, blood collection unit, and strip test. We are delighted to support the HIV Prevention England Conference 2020.

Viiv Healthcare

Viiv Healthcare is a global specialist HIV company established in November 2009 by GlaxoSmithKline and Pfizer dedicated to delivering advances in treatment and care for people living with HIV and for people who are at risk of becoming infected with HIV. Shionogi joined in October 2012. The company's aims to take a deeper and broader interest in HIV/AIDS than any company has done before and take a new approach to deliver effective and innovative medicines for HIV treatment and prevention, as well as support communities affected by HIV.

For more information on the company, its management, portfolio, pipeline, and commitment, please visit [www.viivhealthcare.com](http://www.viivhealthcare.com).

Gilead Sciences

Gilead Sciences is a research-based biopharmaceutical company that discovers, develops and commercialises innovative medicines in areas of unmet medical need. The company strives to transform and simplify care for people with life-threatening illnesses around the world. Gilead has operations in more than 35 countries worldwide, with headquarters in Foster City, California and European Headquarters in Uxbridge, England.

We would like to thank all our sponsors and partners for their support.
