

Our sponsors

Gilead Sciences

Gilead Sciences is a research-based biopharmaceutical company that discovers, develops and commercialises innovative medicines in areas of unmet medical need. The company strives to transform and simplify care for people with life-threatening illnesses around the world. Gilead has operations in more than 35 countries worldwide, with headquarters in Foster City, California and European Headquarters in Uxbridge, England.

GILEAD

ViiV Healthcare

ViiV Healthcare is a global specialist HIV company established in November 2009 by GlaxoSmithKline and Pfizer dedicated to delivering advances in treatment and care for people living with HIV and for people who are at risk of becoming infected with HIV. Shionogi joined in October 2012. The company's aims to take a deeper and broader interest in HIV/AIDS than any company has done before and take a new approach to deliver effective and innovative medicines for HIV treatment and prevention, as well as support communities affected by HIV.

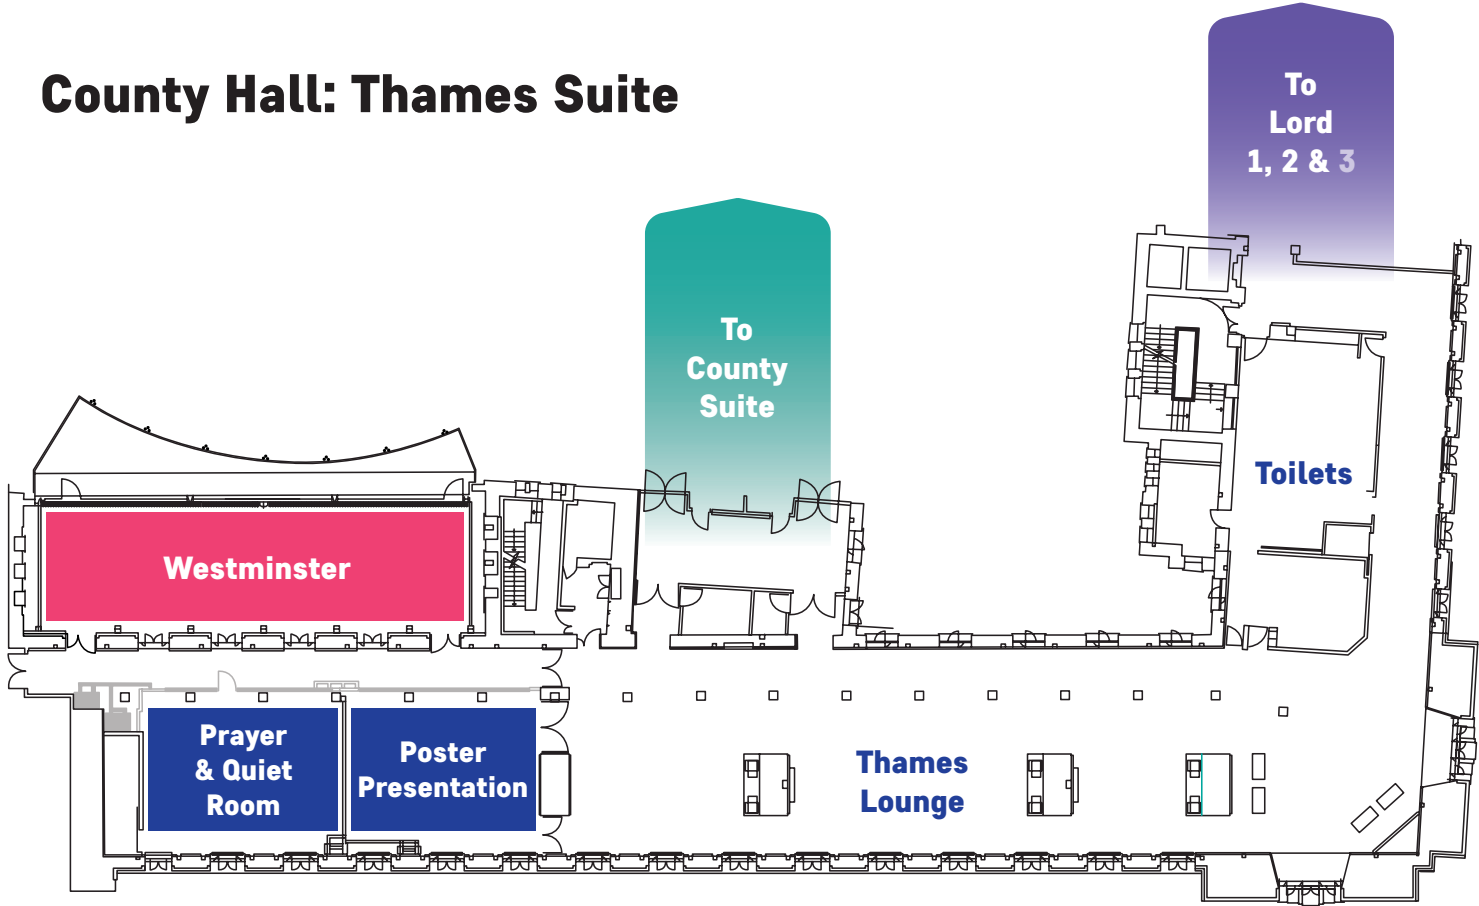

Pasante Healthcare Ltd

At PHL, health and wellbeing are the number one priority. From promoting safer sex to providing dermatologically tested medicinal skincare, PHL want to make the world a healthier and happier place. As the UK division of Karex, the world's largest condom manufacturer, the company adheres to the highest regulatory standards.

We would like to thank all our sponsors and partners for their support.
